Volunteer Opportunities

Religious Education works best when we work *together!* In order to make this program more meaningful for your children, we need your help! We especially need teachers! In fact, the best way to ensure that your child is enrolled at a time that works well for you is to teach his/her class. If you are thinking of teaching Religious Education, but are unsure because you feel inexperienced, please know you will receive all of the training, materials and support necessary. If you cannot make a regular commitment, consider team teaching with a friend. **Any teacher or team teacher volunteering by May 31st is eligible for a \$75 discount.**

Every person who volunteers in our parish is mandated to complete a CORI form each year. In addition, all teachers must attend a VIRTUS “Protecting God’s Children” training session. This mandated training is only required once and is offered several times each year at St. John’s and at neighboring parishes.
